GIVING BACK. SATURDAY, MAY 11.

Saturday, May 12th, 2012: You are invited to join other Yale alumni and their families and friends to give one day to make a difference in your community.

Feed the hungry...tutor children...restore a park...read to the blind...build a Habitat home...and so much more.

Last year, over 3,500 Yale alumni and friends came together to work side-by-side in service all over the world. At nearly 250 sites in 40 states and 18 countries, members of the Yale community embodied the University's great tradition of service in giving back. Local communities were changed by the Yale alumni who live and work there.

The tradition of service is rooted in Yale's past... but perhaps it is more relevant today than ever. There are few traditions as important to Yale alumni as service to others. We know you want to give back, not only to Yale, but also to your community.

Starting in March, many incredible service sites will be listed on this website. We hope you will come back, take a look, and register for the one that is of greatest interest to you.

And, if there is not a site in your area, or if you have an idea for another site, go to the [Toolbox](#) page or contact the [Regional Director](#) for your area to see how you can make one happen.

We hope you will be a part of this important and meaningful program. Join other members of the Yale community who come together, working side by side, to help change their own communities!

Mark your calendars: please join us for the next Yale Day of Service on May 12th, 2012!

Like our page on [Facebook](#) so you can stay up to date with everything that's going on and help spread the word!

“ Along with the habits of mind you have acquired here at Yale, your experience in giving service has prepared you well for participation in the leadership of civic, religious, and community organizations. ”

- Richard Levin
22nd President,
Yale University
